## **The Customers**

- Free condoms and lube will be made available at all times.
- Free condoms and lube will be accessible near areas like the darkroom.
- Information leaflets on sexual health, HIV and STIs and testing services will be available.
- Information leaflets will be accessible near areas with good lighting.

## **The Venue**

- Lighting is appropriate enough so you can read the resources available; find the free condoms and lube; staff can clean properly and so you can see where you are going.
- Cleaning is done properly, with the right equipment so you don't get messier than you want to!

## **The Staff**

- Will be trained in the basics of sexual health, as well as drugs and alcohol, and will be able to show you where the information leaflets are within the venue if you need them.
- Will be able to help you if you need basic information on sexual health or drugs and alcohol.
- Will also be able to give you information on sexual health clinics.
