# ABOUT RED RIBBON APPEAL

The Red Ribbon Appeal is ACON's most iconic and much-loved campaign that raises vital funds to end HIV stigma, prevent new HIV transmissions and support people living with HIV in NSW. It is held throughout November, in the lead up to World AIDS Day on December 1 – an internationally recognised day that raises awareness of HIV, and remembers those we have lost to an AIDS-related illness.

## ABOUT ACON

ACON is Australia's largest organisation specialising in community health, inclusion and HIV responses for people of diverse sexualities and genders. Established in 1985, we work to create opportunities for people in our communities to live their healthiest lives.

## ABOUT WORLD AIDS DAY

Founded in 1988, World AIDS Day on the 1 December is an opportunity to raise awareness on HIV, remember those we have lost to an AIDS-related illness and support people living with HIV. We now have the tools to prevent new HIV transmissions, but we still need your help. Support the Red Ribbon Appeal and raise vital funds and awareness for World AIDS Day.

# THANK YOU FOR GETTING INVOLVED THIS WORLD AIDS DAY

Recent advances in HIV treatments and testing mean we can now end the HIV epidemic by getting people to test more, treat early and stay safe.

But unfortunately, some attitudes haven't changed. Stigma can have profound impacts on those living with HIV, and it can prevent others at risk from seeking resources and getting tested.

The Red Ribbon Appeal allows communities across NSW to be part of the movement to end HIV stigma, prevent new HIV transmissions and support people living with HIV.

Funds raised from the Red Ribbon Appeal helps ACON continue its work in HIV prevention, support, education and advocacy.

Your fundraising activity or event during Red Ribbon Week will help us reach our goal and make a difference. You can also help by buying Red Ribbon merchandise, volunteering to sell ribbons on the street or shaking a bucket to collect donations.

**Join us and help make history by ending HIV.**
